1.0 UCA Background

Founded in 1907, University of Central Arkansas is one of the best and most affordable options for higher education in the South. The university strives to provide strong academic programs to meet the diverse needs of those it serves. Located in Conway, Arkansas, "The City of Colleges," the university's bustling, Georgian-style campus is among the most beautiful in the region. In fall 2021, more than 10,000 students from seventy-seven (77) different countries, forty-nine (49) states, and every county in Arkansas are part of UCA's diverse community. The university is large enough to offer academic diversity, yet small enough to show personal interest and support. The student-to- professor ratio at UCA is 15 to 1. Students engage in research and publication opportunities at the undergraduate level that most students don't have until graduate school.

UCA offers more than eighty (80) undergraduate degree programs, thirty-three (33) master's degrees, and six (6) doctoral degrees. UCA offers programs of study in five (5) different colleges – the College of Arts, Humanities, and Social Science, the College of Business, the College of Education, the College of Health and Behavioral Sciences, and the College of Natural Sciences and Mathematics. Each college offers different opportunities to learn and grow. The university's Honors College is nationally known for its unique, challenging curriculum. The Honors College offers small, discussion-based seminars, close student- faculty relations, funding for travel abroad and internships. UCA Honors College students have a 100 percent acceptance rate to law school.

The mission of the University of Central Arkansas is to maintain the highest academic quality and to ensure that its programs remain current and responsive to the diverse needs of those it serves. A partnership of excellence among students, faculty, and staff is a benefit to the global community. The university is committed to the intellectual, social, and personal development of its students; the advancement of knowledge through excellence in teaching and research; and service to the community.
