RFP#UCA-26-021 Academic Management System Q&A

Austin Graves kuali

On behalf of Kuali, please see the following questions we have regarding RFP# UCA-26-021:

Does UCA need data migration of their historical catalogs with the associated costs? If so, how many years of data would need to be migrated?No. All we need is easy navigation from the current catalog to past catalogs already archived on our website.

The RFP asks for a 4 year contract with a 3 year renewal option. Should vendors include pricing for all 7 years or for the first 4 years only?For the purpose of this RFP, we only need the 4 year contract amount.
