

Minor in Cognitive Neuroscience

22 credit hours (9+ earned at UCA)

2.0 or higher GPA in minor coursework

Students who complete the BS in Psychology can minor in Cognitive Neuroscience, but PSYC courses used for the major will not also count for the minor.

Required courses (7 credit hours)

- _____ PSYC 1300 General Psychology
- _____ BIOL 1440 Principles of Biology

NOTE: Psychology majors must take one additional 3-credit psychology course to substitute for the PSYC 1300 prerequisite because PSYC 1300 must be used for the psychology major.

Electives (15 credit hours; students must take classes from at least three different departments)

- _____ BIOL 3310: Neuroethology: The Neural Basis of Natural Behaviors
- _____ BIOL 3370: Introduction to Neuroscience
- _____ BIOL 4425: Experimental Neurobiology
- _____ CSD 2306: Neuroscience for Communication
- _____ CSD 3311: Fundamentals of Speech and Hearing Science
- _____ CSD 3321: Language Acquisition and Literacy
- _____ CSD 4311: Introduction to Audiology
- _____ CSD 4330: Neurogenic Communication Disorders
- _____ LING 3315: Semantics
