

University Scholarship Policy
Calculation of Grade Point Average
Last Revision: 09/2026

The Grade Point Average (GPA) record used for consideration and renewal of academic, departmental/performance, other, restricted, and international scholarships is the GPA that is recorded in the University's Enterprise Resource Planning (ERP) system or degree audit software when not available in the ERP system. The ERP and degree audit software record GPA as three decimal places. (ex. X.XXX)
