Arkansas*

Summer 2025

Does your child have difficulty with reading?

Read to Succeed+

Executive function practice

is designed to help students feel successful and proud of his or her accomplishments.

“Don’t miss it! We teach reading using a multisensory approach. Students can feel, taste, and smell to reinforce optimal learning.”

WHAT 1:

**Executive Functioning Practice
(2:15-2:45)
(no extra fee charged)**

Executive function helps students focus, plan, periodize, work toward goals, and self-regulate behaviors.

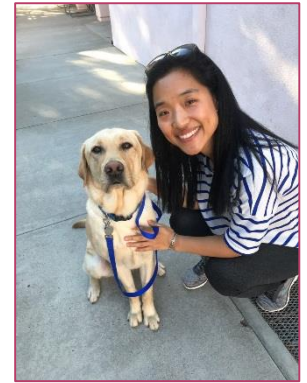

Executive function lesson units will provide basics about cognitive abilities needed to control thoughts, emotions, and actions. We will integrate these activities to reading and writing practices.

WHAT 2:

**Literacy Intervention
(2:45-4:15)**

Using evidence-based intervention founded upon the principles of Orton-Gillingham, Read to Succeed!
will provide training in:

- Sound symbol association
- Phonological awareness
- Syllable Instruction
- Oral Reading fluency
- Written text comprehension

Camo, Canine Companions for Independence certified facility dog, will assist with our activities.

WHO

Children, entering third through sixth grade, who are experiencing difficulties with reading and/or spelling or diagnosed with dyslexia.

WHEN

Tuesday OR Wednesdays
from 2:15 to 4:15 p.m.

June 10 through July 30
(16 hours of intervention)

WHERE

UCA Speech Language Hearing Center
Integrated Health Science Building
2200 Bruce Street
