Busiest Time(s): The first quarter of the fiscal year (July-September)

Recommendations for 2023-2024:

- Work with HR to set up workshops with the UCA community surrounding the impact and implications of the removal of classified positions.
 - Continue to look into the usage and implementation of remote work days to see if there is anything the University can do better.
 - Conduct the 2018/2019 Staff Survey again to see how the Staff feel about their current compensation.
-

Notes from the Past Chairs:

In 2018-2019, SBAC did not convene. The committee provided the recommendations report directly to UCA Administration, Human Resources, and staff members. 448 staff members completed a Staff Salary Survey in the fall which provided beneficial data and led to the Flex schedule policy to be reviewed and updated. The survey should be done again in 2023.

In 2019-2020, SBAC did not convene, and significant cuts to the university's budget placed a hold on many of the concerns typically under the purview of the Compensation Committee. The committee met to discuss non-compensation related ideas, such as ways to increase employee morale, training ideas, and recognition for staff. [Notes](#) are available in the Staff Senate shared drive. We expect that the university will remain under a hiring freeze and will not have funds available for salary increases in 2020-2021, but we recommend that the committee meet to review past recommendations from the committee and plan for future advocacy on behalf of classified staff in particular, who are not included in current salary studies and budgeted market salary increases.

In 2020-2021, SBAC did not convene. The Covid 19 pandemic changed a lot of things this year. The committee met to discuss non-compensation related ideas, such as ways to increase employee morale, training ideas, and recognition for staff. We did not make any suggestions or recommendations because of the uncertainty of so many things. There was a bonus given to the employees in the fall. In the past, discussions had been had with the previous VP of Human Resources regarding our concerns and questions. When he retired the committee met with the new VP of HR to introduce ourselves and inform her of the purpose of the committee. We expect that the university will propose a salary increase in 2021-2022 year, but we recommend that the committee meet to review past recommendations from the committee and plan for future advocacy on behalf of classified staff in particular, who are not included in current salary studies and budgeted market salary increases.

In 2022-2023, the committee met twice, once among ourselves and another time with HR, to discuss various topics pertaining to Staff Compensation. Our meetings resulted in more insight about the removal of classified positions, the way in which remote days are used/supervised, and information about plans to increase salaries across the board through COLA's and bringing up the salaries of people at the bottom of the salary scale.

The committee needs to understand that you can't focus on one certain area, but must look at the whole university. This committee is not to help resolve personnel issues, but to help try to put things in place to help the advancement of the staff. Only certain things can be done, so the committee needs to focus on the positives of what can be done versus what can't be done.

This committee can only make recommendations. We are not a decision-making body.

Fall Semester - Football Season

Resources to Reference*:

- *Football Season Template* – Main organizational document for committee chair
- *Staff Senate Volunteer List* – This file is on the Pool Drive in the Volunteer Comp Time folder. This is the approved document created collaboratively between the Staff Senate and Human Resources. It includes UCA staff that have worked basketball, football, or commencement exercises and earned unofficial comp time. This is the official document HR will check at the end of the year to verify available winter break comp time for UCA staff. This list replaces the previous *Comp Time for Volunteering Form* that was given to individual employees upon volunteering. It went into effect January 1, 2014.
- *Position Specific Documents & Football Field Maps* – These documents are printed with the map on one side and document on the reverse and laminated at the beginning of the season. This should be updated at the beginning of each season to ensure accuracy.
- *Volunteers Completion* – This file is on the Pool Drive in the Athletics - Basketball and Football folder. This document is maintained by the chairs of the Basketball, Football, Scholarships, and Professional Development Committee as well as the Staff Senate Treasurer. This document is used to verify completion of volunteer requirements for those receiving Staff Senate funding.

***Unless otherwise noted, all documents are found in the Football folder in Google Drive.**

Volunteer Information:

- For each game you will need approximately 9 volunteers or more. Garrett Rimmer would like to have three volunteers at each gate (there are four gates) and one at the elevator in the lobby of the home side of the stadium.
- People can volunteer for positions by filling out the volunteer form on the Staff Senate website or contacting the chair of the committee. The Chair can edit this form through WordPress.
- People who need to volunteer due to receiving a scholarship or professional development funds will need to volunteer for any one home football game. They will also have to work two home basketball games as well. If they work two or more football games then they will be exempted from having to work any basketball games. It is the responsibility of the volunteer to communicate this change to the basketball committee chair. However, noting it in the Volunteers Completion file will provide necessary verification to the basketball chair.
- Ticket Takers who stay the entire game can earn up to approximately 5 hours (depending on the position) to go towards their winter break comp time, (Garrett usually says he only needs volunteers until the end of half time.) This comp time can only be used to fill vacation hour gaps over the winter break. If a volunteer has already earned enough comp time to meet that need, then they will not earn any more comp time with further volunteering. Comp time earned by volunteering at Staff Senate events cannot be used outside of this specific break without prior authorization from HR. The official records of comp time are kept by the chair of the volunteer committees and HR.
- (During the 2022/2023 year, ushers were not needed, just ticket takers/assistants to ticket takers.) All ushers will stay for the duration of the game up until the following times based on position:

- Ticket Takers - Can usually leave at the end of half-time, please verify with the ticket manager to be sure.

The Athletic Department will donate the following amounts per usher to the Staff Senate:

- Concourse/Lower Deck Home Ushers - \$50
- The volunteers will each receive and wear a brightly colored t-shirt so that they can be clearly seen amongst the crowd. Any equipment should be returned to the team leader upon completion of the shift.
- Each volunteer will receive a voucher for a free drink, a hotdog, and chips. Volunteers must be wearing the volunteer t-shirts provided by Athletics to receive their free food.
- Ticket takers will scan (or tear the stubs off if the scanner is not functional) tickets at the gate. Ticket taker motto: Scan it or save it!

Game Day Information:

- All volunteers must arrive at Estes Stadium two and a half hours prior to kickoff to meet with the Team Leader. (Meet in the Hall of Fame room on the Home side of the stadium.)
- This could occasionally mean that volunteers could be required to leave work a little early, so they will need to be sure that they clear that with their supervisors prior to volunteering or work out an alternate plan with the chair. Garret Rimmer (ticket manager) will meet there as well to hand out the ticket scanners. (There are typically only four available, one for each gate.)
- Once all volunteers have gathered, t-shirts and scanners should be distributed and instructions for the game should be relayed. (A volunteer can use the same t-shirt from a previous game if they already have one.)
- Gates will open to the public approximately two hours before kickoff. Be sure to be in your assigned positions by that time.
- Gate attendants will scan/tear tickets and direct fans inside the stadium.
- If the weather is rainy, you may consider bringing a rain poncho as umbrellas are not allowed in the stadium.
- It is helpful for the Team Leader for each game to put the cell phone numbers of that day's volunteers into a group chat/text group. That way it will make it easier to communicate with each other during the game. It is helpful to send out a reminder text to the group on the morning of the game.

Most staff know where to access the handbook. The committee agreed that the handbook is currently easy to follow and understand. HR will make revisions and send them to the committee for review in the spring of each year. The following recommendations were noted: When HR sends the email announcing the updated Staff Handbook it would be helpful to cite the revisions. With all of the remote work discussion on campus there needs to be something in the Staff Handbook regarding the remote work policy.
