Descriptions

	Description	Presenter
Topic Becoming A Better Writer	"Why do I need to take writing in college?" This workshop will answer that	Cokey Allen
	question and will use faculty feedback to make students aware of writing mistakes commonly made. It will focus on writing resources, tips on how to become a better writer, and the importance of why writing is part of the lower division core.	
Becoming a Resilient Bear	Learn skills to manage anxiety through cognitive restructuring, mindfulness techniques, and self-care	Counseling Center
Balancing Academic and Family Demands	In this workshop, we will identify family stressors that can interfere with learning, discuss the challenges of balancing family and academic requirements, and options to achieve success when family stress is high.	Reesa Ramsahai
Crash Course: Time Management/Study Skills	Being a college student can be quite difficult and it involves many hours of studying. As a student your daily schedule is often tight, limiting the amount of study time available to you. This workshop is designed to help you manage your time effectively and have better study habits. Come learn Time Management and Study skills that will propel you academically.	Tina Livingston
Creating A Success Plan!	Being successful in college requires organization, dedication, and lots of planning. This workshop will provide tips and strategies to help students create their own success plans. Attendees of this workshop will leave with a plan to be successful this semester.	Nadia Eslinger
Classroom Diversity Panel Discussion	This panel will discuss diversity and inclusion matters that students face in the classroom such as race, ethnicity, national origin, gender and gender identity, religious beliefs, political persuasion, and other individual and group distinctions.	Angela Webster Amy Hawkins Michael Mwenda Kithinji Shoudong Feng
Communication Across the Generational Divide	Anyone from age 18 to 80 can live, work or study on a college campus. And they may all communicate differently. This interactive workshop will examine effective communication skills, verbal and nonverbal. Students will learn behaviors and common mistakes to avoid.	Fredricka Sharkey
Dating While in College	Having a relationship while in college can be tricky. There is balancing the need for companionship and independence. Sometimes we grow in a direction different from our partner. Dr. Guinee will address these topics as well as knowing when and how to end a relationship.	Jim Guinee
Decreasing Your Test Anxiety	How many times have you studied for a test and when you sit down to take it your brain goes blank. This is one one of the signs of test anxiety. Learn what others have done to help with test anxiety.	Counseling Center
Effective Communication is NOT Common Sense- or Common Practice.	This workshop presents case scenarios to present a wide variety of communication missteps students make in communicating with their teachers so that students can work collaboratively to identify problematic student communication patterns and to offer more effective student-faculty communication strategies.	Amy Hawkins
Effective Group Work Strategies	This student panel discussion will provide strategies to improve study groups, group work in the classroom, group papers and projects.	Students
Financial Awareness	The purpose of this workshop is to make students aware of financial resources available to assist with the financial obligation associated with college. Topics will also include identity theft, financial aid tips, scholarships information, budgeting, and money saving tips.	Leslie Knox

Getting from Nowhere to	Exploring life roles and gaining knowledge and skills to place the self into a	Susan Barclay
Somewhere:	future career is part of the college student experience. Many students need	Susan Darciay
Connecting Your Interests to an	assistance with that endeavor, which often begins with declaring a program of	
Academic Major	study. Participants of this workshop will learn how to translate their manifest	
Academic Major	interests into a possible academic major selection and set in motion a more meaningful and purposeful educational experience and career trajectory.	
		lassa Dibbias
Getting Smart About Sex	Listen to professionals talk about safer sex , communicating about physical intimacy, sexual assault, and overall sexual health.	Jason Ribbing
What Do I Need To Graduate?	In this workshop, you will learn the components needed to graduate. Topics in	Leigh Ann
Please Tell Me!	the workshop will include the lower and upper division core, prerequisites,	Denhartog
	AMAPS, minor requirements, Degree Works, the graduation application, and more.	
Help Me Navigate Blackboard	Do you struggle with technology? Does the idea of using Blackboard for a class	Vicki Parish
Sector Se	frighten you? Would you like to know the basics about using Blackboard? This	
	workshop is designed for you.	
How to Be A Successful College	Listen to your peers discuss the do's and don'ts of being academically	Students
Student from a Student's	successful. This student panel discussion is designed to give you strategies on how to put your best foot forward academically and	
Perspective.	explore the behaviors to avoid that undermine academic success.	
How to Go to Graduate School	This session will review how to plan and apply for graduate school	Angela
	programs, whatever field you're in. Freshmen through Seniors	Barlow
	encouraged to attend.	
How to Read A Textbook - It's not	Students who attend this workshop will learn various strategies for tackling textbook reading, including learning to identify and use the various (helpful)	Shannon
as Hard as You Think.	features of a textbook and how (and when) to scan readings to maximize	Johnson
	learning.	Rebecca
		Bogoslavsky
I Didn't Have to Study in High	"I didn't have to study in high school. Have you ever said that?" Students who	Renee
School. –Study Skills for Successful	attend this workshop will learn study skills to improve their academic performance, the difference between active and passive learning, and a	LeBeau-Ford
Students	pyramid of learning. Students with a better understanding of what the grade	
	they want requires.
