

## **Email from Dean of Student to all RSO Advisors and Presidents**

In an effort to encourage social distancing, all UCA RSO activities and Student Life events are cancelled until further notice. This includes, but is not limited to, meetings, parties, socials, conferences, and trainings. We understand that this may be a disruption for many of our organizations who need to hold initiations, planning meetings, and other important events. But the health and well-being of our campus community is the most important consideration as we navigate this crisis.

Please reach out to any national affiliations your organization has. We know that many institutions are taking the same precautions as UCA. It is likely that organizations that have a center of operations, such as a national headquarters office, will be preparing to make adjustments. Check with them on plans of action they may have as institutions across the nation take the same steps we are taking.

We know that these organizational events are vital to our students' growth and development. This decision was not taken lightly! We want our UCA family to stay healthy, and we are making decisions that we feel are in the best interest of everyone. Please use the next several weeks to focus on academics. I appreciate your cooperation and understanding, and I look forward to a time soon when we can gather again.
